

This part deals with the word order in subordinate clauses (typ 1). Because it's been a while since we spoke about the topic "Satzstellung" I put the relevant pages here:

- 1 + 2 (introduction)
- 8 – 10 (subordinate clauses – statements – typ 1)
- 11 – 13 (subordinate clauses – statements – typ 2)
- 20 – 22 (subordinate clauses – questions – typ 1)
- 23 – 25 (subordinate clauses – questions – typ 2)

Actually, you only need the summary on page 26 of the theory part. So, try to do the following exercises and in case you struggle, just check again the pages mentioned above.
